From Neoliberalism to Possible Alternatives - ScienceDirect

The objective of this article is to outline possible alternatives to capitalism in its neoliberal phase. In 2007, the deepest world crisis since the Great Depression started and has continued with neither a theoretical nor a practical solution to date. As a response to the crisis, countries have applied keynesian but mostly neoliberal policies. However, such policies have not produced economic growth or any human development. We think that a progressive solution to this last phase of

Neoliberal globalization: critiques and alternatives ...

Neoliberal globalization is a term used to describe the worldwide spread of an economic model emphasizing free markets and free trade. De- creased governmental regulation, privatization of government-owned enterprises, reduced government spending, and the lowering of barriers to international trade and investment play central roles in the neoliberal ap- proach. The stated goal of
