Chicken Boy is a nice quick read for anyone who needs one. It is very interesting and weird and is not for a specific group of people to read. I definitely recommend to all of my peers who are looking for a quick read and need a quick book to read.

I enjoyed Chicken Boy-- it's an interesting story about two "outliers" whose unlikely friendship becomes meaningful, to both characters and the adult reader. I'm not sure all children would get as much out of this book as an adult who understands the characters from a "grown-up" perspective, but I hope this thoughtful book will be just right for some children who need to read it.
