"Perception and Knowledge: A Phenomenological Account is highly complex, covering a daunting range of topics. It is extremely well organized, and careful conceptual distinctions abound. Hopp has given us an indispensable book." George Lazarou, Institute of Interdisciplinary Studies in Humanities and Social Sciences "This is a book of many virtues. I think first among them is the level of

Walter Hopp, Perception and Knowledge: a Phenomenological ...

Perception and Knowledge I is a book that sets out to enrich the vast field of contemporary debates about the justificatory relation between perception and thought with some of the goods phenomenology has to offer.

"Walter Hopp: Perception and Knowledge: A ...

Hopp is right that the reason I come to judge Walter Hopp, Perception and Knowledge: a Phenomenological Account the floor is white is that I perceive it to be that color. But that means I already see a white floor, something that is, at least, invested with some concepts,⁷ and, in any case, is open to being judged about. But that really is all

McDowell intends to say: that the contents about Perception and Knowledge: A Phenomenological Account ...

In his philosophically rich and tightly argued book Perception and Knowledge, Walter Hopp offers an account of the nature of perception, and the evidential relation between perception and knowledge, that beautifully exemplifies the recent tendency to appeal to the phenomenology of perceptual states
