Synners by Pat Cadigan - Goodreads

In Synners, the line between technology and humanity is hopelessly slim. A constant stream of new technology spawns crime before it hits the streets; the human mind and the external landscape have fused to the point where any encounter with "reality" is incidental.

Pat Cadigan - Wikipedia

Pat Cadigan (born September 10, 1953) is an American science fiction author, whose work is most often identified with the cyberpunk movement. Her novels and short stories all share a common theme of exploring the relationship between the human mind and technology.

Review: Synners by Pat Cadigan - Eyrie

Synners is a great example of everything I like and dislike. On the good side, Cadigan, unlike many cyberpunk authors, has some grasp over how the technology actually works.
